Frontend / React

React.js Frontend Engineer

TechVerve Innovations

Remote, India | Full-time | ₹4.5 - ₹6.5 LPA | Entry Level (0-1 yr)

Overview

We are seeking an enthusiastic Frontend Developer specializing in React.js. You will translate wireframes and Figma designs into pixel-perfect, highly responsive web interfaces with optimal performance and accessibility.

Key Responsibilities

- Architect and build modular frontend interfaces
- Optimize web performance across mobile and desktop viewports
- Collaborate with UX designers and backend engineers

Required Skills & Qualifications

- Proficiency in React.js, React Hooks, and Context API
- Experience with Tailwind CSS, Bootstrap, or styled-components
- Familiarity with REST APIs and Axios integration
- Passion for clean design, responsive UI, and Web Accessibility (WCAG)
